We use “session” cookies to keep you logged in while you use our services, to better understand how you interact with our services, and to monitor aggregate usage and web traffic information on our services. Session cookies disappear when you log out and close your browser. We also use “persistent” cookies to recognize you when you return to our services. Persistent cookies can stay on your computer for a longer period of time than session cookies do.

Most Internet browsers automatically accept cookies, but you can change your settings or use third-party tools to refuse cookies or prompt you before accepting cookies from the websites you visit. You can also use your browser settings or other tools to delete cookies you already have. Please be aware that some parts of our services may not work for you if you disable cookies.
